# ENIGME EN ANGLAIS

During a parade, there are five flags of five different countries. Each colour has its corresponding number and each number always represents the same colour. The flags are as follows :

Country n° 1 : 1 - 3 - 2   Belgium : black, yellow, red

Country n° 2 : 5 - 3 - 2   Ivory Coast : orange, white, green

Country n° 3 : 6 - 4 - 5   Guinea : red, yellow, green

Country n° 4 : 2 - 3 - 5   Ireland : green, white, orange

Country n° 5 : 5 - 4 - 2   Italy : green , white, red

Mali : green , yellow, red

Match each number and its corresponding colour. Which of these following flags is not represented ?
